

WONDER CC

CC CREAM WITH GOJI BERRIES

The extraordinary research work carried out by **LR WONDER COMPANY** has led to **WONDER CC**, the **CC CREAM WITH GOJI BERRIES!** **WONDER CC (COLOR CONTROL)** is an all-in one product to apply daily onto your face, to correct skin colour and make it even. It hides blemishes without darkening the skin (like foundation creams do). **WONDER CC** is composed of a special mixture of active ingredients - **GOJI BERRIES**, also called "**LONGEVITY FRUIT**", are among the most effective.

These precious berries, native to Tibet, are well known in the show business and to all **HOLLYWOOD STARS**. Their properties have been recognised by experts around the world. They are among the richest sources of antioxidants on Earth (**ORAC** table data) and are excellent against wrinkles.

WONDER CC is the true evolution of the **BB CREAM**. Its action is based on lighting up and not covering or darkening. **MULLEIN FLOWER**, a new active ingredient, helps "light up" and creates a special **OPTICAL EFFECT** by capturing light and reflecting it. It will show off your skin and cover blemishes at the same time.

Correcting need not mean covering!

The product contains **HYALURONIC ACID** (moisturizer) and precious **VITAMIN E** (antioxidant). Contains **SPF 15**.
