

## BEER CREAM DEEP BRONZE!

From an extraordinary research, **LR WONDER COMPANY** is proud to present Beer Cream, the cream that gives you a deep bronze tan with beer.

It is well known that beer and **LAMINARIA OCHROLEUCA EXTRACT** have the power to intensify and activate the tanning process, reducing the time spent in the sun. The **DEEP BRONZE BEER CREAM** contains:

- **hyaluronic acid** (moisturizing);
- **Vitamin E** (powerful antioxidant);
- **Shea butter** (nourishing, soothing));
- **Butcher's broom extract** (capillary protector).

The frequent use of the product contributes to activating and intensifying your tan while moisturizing your skin, which will be golden and smooth. It is best to use the cream before, during and after exposure to sunlight. It has a very pleasant exotic fragrance.

It does not contain sun protection factors against UVA/UVB. During exposure to sunlight, you should use sun protection suitable for your skin type.

**100 ML**

**DOES NOT CONTAIN PARABENS - DERMATOLOGICALLY TESTED.**
